PROFESSIONAL PROFILE

3rd-year Computer Engineering student (UBA) with a solid technical foundation acquired at ORT high school. I have 6 years of programming experience, currently focusing on Java, Python, and SQL. I am looking for an opportunity to apply my problem-solving skills in software development and add value to projects.

TECHNICAL SKILLS

Programming Languages: Java, Python, SQL, HTML5, JavaScript, TypeScript, C++, CSS3
Frameworks & Environments: React, Node.js, Express, Flask, React Native
Tools/IDEs: Git, GitHub, Postman, Eclipse, Visual Studio Code, Trello, IntelliJ
Databases: PostgreSQL, MySQL, SQL Server

FEATURED PROJECTS

Personal Finance Dashboard (Node.js, Express, React, TypeScript & Prisma)

- Developed an interactive web platform for personal finance management built with React and Tailwind CSS.
- Implemented a RESTful Backend architecture with Express and TypeScript, using Prisma ORM and PostgreSQL for data management and authentication.
